Dear Samaneh,

I am pleased to offer you admission to the Faculty of Graduate and Postdoctoral Studies at the University of Manitoba. Your admission has been approved as follows:

Term: Fall 2026 (September)

Degree: M.Sc.

Program: Computer Science

The special conditions of your admission must be cleared prior to registration and they are as follows:

*Must submit official copy of transcript for Bachelor's degree from Jundi-shapur University of Technology. Document must be certified by the Ministry of Education or the Ministry of Foreign Affairs and must be in the original language accompanied by official and literal English translations. The document must arrive in our office in a sealed, endorsed (stamped across the back flap) envelope by the same office.

Proposed Advisor: Dr. Celine Latulipe

ADMISSION

Please note that:

- This offer of admission is valid only for the Fall 2026 term. Start Date: September 1, 2026.
- This letter does not provide, guarantee, or offer financial assistance from the Faculty of Graduate and Postdoctoral Studies now or at any time during your program.
- The University of Manitoba only issues an electronic offer of admission.

Acceptance of Offer Status: Accepted Offer (submitted: January 31, 2026)

FUNDING

We are pleased to provide financial support as follows, subject to available funds, and provided that you maintain satisfactory progress and remain in good academic standing in the Computer Science program:

- Dr. Celine Latulipe has agreed to provide \$23,000 per year for 2 years. The composition of this amount might come from different sources including supervisor research grants, scholarships and TA/marker positions. For additional information on these funds please contact Dr. Celine Latulipe directly.
- Many graduate programs have Grader/Marker and/or Teaching Assistant positions available, which pay approximately \$17/hr and \$24/hr, respectively. Please contact [Human Resources](#) for additional information.
- You may be eligible for other awards, and we encourage you to check your program's website and the [Faculty of Graduate and Postdoctoral Studies awards database](#) for more information.

If you require additional assistance, please contact graduate.awards@umanitoba.ca.

PROGRAM INFORMATION

- Program duration: Minimum 1 year of maximum 4 years of full-time studies.
- You should consult with a department/unit advisor either prior to, or at the time of registration and have your program of

study approved. If you do not register for the Fall 2026 term and subsequently wish to register for courses in a later term, you must reapply and be readmitted.

- It is your responsibility to register for and complete the following mandatory, zero (0) credit hour courses:
 - **GRAD 7500 Academic Integrity Tutorial** must be completed in your first term of registration. This interactive online course is intended to inform you of your basic responsibilities regarding academic integrity and the resources available to you.
 - **GRAD 7300 Research Integrity Tutorial** must be completed prior to applying to any ethics boards which are appropriate to your research or within your first year of registration, whichever comes first. This interactive online course is designed to provide a comprehensive overview and basic understanding of the best practices and principles in the Responsible Conduct of Research.

Further information on these tutorials can be found on our [website](#).
- Ensure you are registered in GRAD 7020 Master's Re-registration every term, including your first term of registration.
- If you are in a thesis or practicum-based program, you must complete the [Advisor Student Guidelines](#) with your advisor. If you do not yet have an advisor assigned, please contact Computer Science.
- Any changes to your current degree level program must be approved in advance by the Faculty of Graduate and Postdoctoral Studies.
- Students are responsible for ensuring that they meet degree and program requirements. Please refer to your Faculty of Graduate and Postdoctoral Studies approved [departmental/unit supplemental regulations](#)
- Please see the [Registrar's Office website](#) for fee information.
- The Faculty of Graduate and Postdoctoral Studies offers free GradSteps professional development workshops. Attend six workshops within one academic year and qualify for co-curricular recognition. See [Graduate Student Workshops](#) for more information.
- The University of Manitoba provides a full range of support services for students. It is your responsibility to familiarize yourself with, and use, these services as required. Information on these services can be accessed at [Student Supports](#).

INTERNATIONAL STUDENT INFORMATION

- As an international student it is your responsibility to comply with Immigration, Refugees and Citizenship Canada regulations as they apply to your stay and studies in Canada (please see <https://www.canada.ca/en/services/immigration-citizenship.html>).
- You must successfully obtain and maintain a valid Study Permit, and any renewal thereof. Please note that your acceptance to the University of Manitoba does not guarantee that your application for a Study Permit will be approved by Immigration, Refugees and Citizenship Canada.
- Students enrolling in courses or programs that require work or volunteer components (such as co-op work terms, internships, work placements, etc.) are also required to obtain a valid Work Permit issued by Immigration, Refugees and Citizenship Canada. Students may apply for the Work Permit after arriving in Canada and must be in possession of the Work Permit before beginning the work or volunteer placement.
- The International Centre will email you with pre-arrival and international student orientation information. In the meantime you can visit the International Centre's website for more information and resources: <https://umanitoba.ca/international>

As the oldest university in Western Canada, we take pride in our high standards, our internationally recognized programs, and the quality of service to our students and faculty. We want to ensure that you have an exceptional graduate student experience! On behalf of all of us in the Faculty of Graduate and Postdoctoral Studies, I congratulate you on the success of your application and welcome you to the University of Manitoba!

Best wishes for a successful and rewarding graduate education,

Dr. Kelley J. Main
Dean of Graduate and Postdoctoral Studies
